

Recreation Utility Formed; Directors Get C. C. Approval

Move Will Provide Area With Modern Course, Ball Diamond

The Truckee Donner Chamber of Commerce meeting at Smart's Wednesday at noon, passed a resolution giving the board of directors of the Truckee Public Utility a vote of confidence.

The action was taken because of differences of opinion expressed as a result of the formation of the Truckee Recreation Utility and voting approximately \$15,000 for its advancement.

In other action, President N. F. Dolley gave a report on the completion and operation of the new parking lot in Truckee.

After considerable discussion pro and con, with particular emphasis on methods of finance, the Truckee Public Utility District board of directors last week passed a resolution setting up a recreation utility.

The utility is designed to promote and develop the area consisting of 65 acres south of here for a golf course, baseball field and other facilities. Work on the field has already started under the supervision of the Truckee Recreation Committee headed by C. E. Osburn.

Thus far, a sum of approximately \$15,000 has been allocated to the recreation development from the TPUD, this amount coming from the sale of land originally designated for recreational purposes. The committee is asking additional money so that the project can be completed and suggests the sale of more land to meet the need, estimated to be \$40,000.

Members of the board were divided on methods of financing the proposed development, but finally voted unanimously to establish the unit.

Need for the area was not a point of issue, all members of the board favoring the project, but not

Sierra Fire Under Control; Big Loss

After burning over more than 11,000 acres of timberland and defying the efforts of upwards of 1500 men for five days, the gigantic forest fire in Sierra Valley was contained yesterday but still offered a threat in event of more high winds.

Patrol crews will be on the lines for the next several days and perhaps weeks until the last of the embers are cooled.

The fire started last Thursday and was credited to a small boy playing with matches along Highway 89 south of Sierraville. Afternoon winds baffled the fire fighters daily. They would have the blaze pretty well controlled and the wind would come up and spread the blaze in all directions. Convicts, Indians and hundreds of recruits from all parts of the state joined in the frantic fight. At times the town of Loyaltown was endangered but each time fire fighters threw their weight against the devastating blaze and held it back.

Only after the wind died down Tuesday was the fire brought under control and even yet it is threatening.

ATTORNEY CARVER GETS SOUTH OFFICE

William A. Carver, former Truckee resident and attorney here for several months, has been appointed to the staff of the Kern County Counsel. Carver, who had had a varied career as a lawyer, engineer, surveyor and fencing instructor, was admitted to the bar in 1954 and practiced in Sacramento and Truckee.

WOMEN'S CLUB HAS BUSY TAHOE MEET

TAHOE CITY—Members of the Tahoe City Women's Club were surprised at a "This Is Your Life" sit introduced by Mrs. Gertrude Wilt, vice president at the club's recent luncheon held on the patio of the home of Mrs. A. A. Snyder. Mrs. Snyder was the most surprised of all. Several new members were present.

Distinguished guests included Mrs. Fred Pedley, Mrs. P. Webb, Mrs. Pearl Friday, Mrs. J. Patterson and Mrs. John Brubaker.

The following committee chairmen were named by President Lepire: Mrs. A. Snyder and Mrs. J. Martin, board of directors; Mrs. Gordon Brown, amenities; Mrs. J. Brubaker, parliamentary; Mrs. M. Rukhala, sunshine fund; Mrs. Robert Snyder, foundation; Mrs. Robert McMahon, community affairs.

The next meeting will be held August 6 at Homewood Resort at 12:30 p.m. with a luncheon. Reservations must be made three days in advance.

Yorks Here—
Mr. and Mrs. Russell York of Greenville were weekend business visitors here.

Few Accidents In Area Despite New Record In Traffic

The Truckee area of the California Highway Patrol experienced only one injury accident during the rush traffic over the Fourth of July Sgt. Frank Snyder reported.

The danger period was described as from noon Friday until noon Monday.

The one reported accident occurred at Kings Beach when a car driven by Carmen Amezcua, 24, of Crystal Bay, crashed into vehicles driven by Richard E. Harris of Sacramento and Edward Vacavich of La Mesa. Mrs. Amezcua was seriously injured and taken to the Tahoe Forest Hospital.

Man Killed
One fatal accident occurred just west of Cisco when Erving Lewis Johnstead, 60, Oroville, was fatally injured when a fire apparently blew out on the car in which he was a passenger, causing the wreck Sunday afternoon. The victim was brought to the hospital by Truckee Ambulance and expired Monday.

FREAK MISHAPS
At 5:30 p.m. Friday, Marion W. Taylor, Jr., stopped at a signal at the Southern Pacific crossing on the Hirschdale detour and discovered he was between the tracks. In attempting to back up, the motor stalled, leaving the car on the east bound track. The passengers stepped out of danger but the car was demolished by the freight train.

Laurence A. Schei, Sacramento, was driving north of Tahoe City on Route 89 Saturday when a big brown bear lumbered into the path of the car. The animal was struck and knocked over the bank, but a later search failed to reveal any trace of bruin, who apparently managed to escape. The car was badly wrecked.

Four Injured
Four were injured Tuesday at 1:35 p.m. half a mile up Donner grade when a car driven by John E. Duncan, 57, Kansas City, Mo., lost its brakes and crashed into an oncoming car driven by Virgil R. Wilcox, 73, Knights Landing. Duncan and a passenger, Mrs. Dorothy Jacobson leaped from the car before the crash but Mrs. Duncan remained in the car.

Both drivers and Mrs. Duncan and Mrs. Jacobson were hurt, the former seriously. Duncan was cited for not having his car under control.

EMPLOYMENT OFFICE HERE IS CURTAILED

Due to the decrease in claim activities, it has been found advisable to reduce the time being spent in Truckee by the department of employment, Ralph Pile, manager of the Auburn office, has announced.

Pile said officials will continue to come to Truckee every other Monday and the office will be open between 9 and 10:30 a.m. to pay benefits and between 10:30 and noon will accept new and reopened claims. The next report period will be July 20.

THREE BABIES BORN AT HOSPITAL HERE

Three babies were born at the Tahoe Forest Hospital during the past week. The only Fourth of July baby was Randy Lee Harris, son of Mr. and Mrs. Lynn Harris of Truckee who arrived at 2:30 a.m. that date.

Carl Erik Funk, son of Mr. and Mrs. Rolf Funk of Squaw Valley was born at 10:46 a.m. on July 2 and Jennifer Marie Wright, daughter of Mr. and Mrs. Clyde Wright of Kings Beach arrived that same day.

HUNTING LICENSES NOW AVAILABLE

The 1959-60 hunting licenses and deer tags are now available from license dealers throughout the state.

Hunting license fees are \$4 apiece and deer tags \$2 apiece. Bear tags are also available and cost \$1 a set.

MOTHER EXPIRES

TAHOE CITY—Mrs. J. H. Taylor, 82, mother of Jess Taylor of Tahoe City, expired at her home in Mt. Pleasant, Texas, Tuesday morning, according to word received here. Besides her local son, the deceased leaves seven other children.

Mr. and Mrs. Frank Giovannoni were recent Colorado visitors.

Fire At Andover Stopped Quickly; Warning Is Issued

Tramp Is Blamed As Fire Starts Near Tracks West of Here

The sixth forest fire in the Truckee Ranger District started at 9:30 p.m. Monday three quarters of a mile west of Andover near the Southern Pacific tracks.

The blaze was apparently set by a hobo, but was brought under control by a flood of volunteers from the Truckee-Donner area. Included were men from Donner State Park, the S. P., Donner and Truckee volunteer fire departments and the U. S. Forest Service.

District Ranger Roy Saarni said the large turnout was a splendid example of alertness and awareness of the unusually high fire danger prevailing in the area.

Assistant Ranger Norm Anderson identified the cause of the fire when he found an empty vodka bottle, a freshly opened can of beans and other items at the point of fire origin. No trace of the transient was found.

Dick Walker, area sanitarian, discovered the fire when he noted smoke in the headlights of a west bound train. He checked the area with binoculars from his Donner Lake home and saw flames soon after the train passed.

Unusual items of fire fighting equipment on the job were the S. P. speeders used to transport some of the fire fighters and a special S. P. fire train sent from Norden with water supplied from two tank cars.

"Extreme fire precautions are again urged for all persons working or traveling in forest or grassland areas," Saarni declared. "All open trash and debris fires are prohibited for the balance of the season. Some of the greatest fire hazards now are faulty incinerators, children playing with matches and careless smoking habits. Burning conditions are explosive—don't you be the person responsible for a disaster like the fire near Sierraville."

Truckee Deputies Have Busy Month

Sheriff's deputies in this area had another busy month during June, the report of Chief Deputy Roy Waters reveals.

The Truckee squad had 114 calls and complaints, made 58 arrests and investigated two burglaries and one grand theft. Loss from the burglaries and thefts totaled \$288.55, while petty thefts accounted for a loss of \$185.

The activities report showed 10 peace disturbances, one assault, one theft of a vehicle, one peeping Tom and six petty thefts.

The squad investigated three missing persons, answered four fire alarms, investigated five animal bites, checked on two attempts to enter illegally, held two juvenile runaways, arrested four juveniles for vandalism, held three juveniles with fire arms and had 60 miscellaneous calls. Twenty were jailed as drunks.

RALPH PEER, II. HAS ROUND WORLD TRIP

TAHOMA—Around the world in vacation days is the treat given 14-year-old Ralph Peer, II, for successfully completing his school year at Concord, N. H., by his parents, Mr. and Mrs. Ralph Peer, summer residents of White Pine at Tahoma.

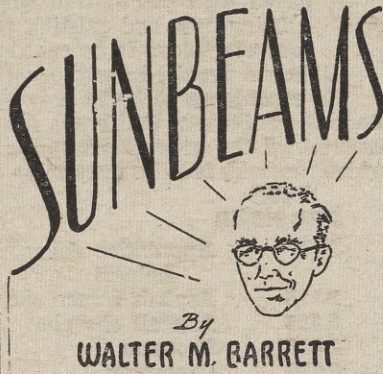

On Independence Day young Ralph went by airplane to London on the first part of his journey and will continue to Bordeaux, France, where he will be the guest of a French family and will learn to sail.

His parents will later join him in Paris and the trio will continue to Rome, Greece and Turkey. Ralph II will return to New Hampshire alone by air while Mr. and Mrs. Peer continue to Russia, Yalta and other points of interest for an indefinite trip.

On Firing Line—

Sherman Reams was a foreman on the fire lines at Sierra Valley for five days, returning home Tuesday night. He reported working 100 hours during the five days.

City Visitor—
Jean Mooney has arrived here from San Francisco for an indefinite visit.

This community should and does welcome with open arms any new industry designed to be a permanent part of the area with an aim to promoting the best interests of the region. With the present mild "boom" however, it is difficult to separate those with good intentions and those which stood in the background during our promotional period waiting for the cream to rise so they can skim off the benefits of those who have endured and fought for deserved rights and privileges. Competition, they say, is healthy, but when this competition turns to unfair practices and deliberately damages our established businesses, it's time for the people to express themselves. We refer to no one in particular. We could point to a number of examples but as we said, it's hard to determine which are designing chisellers and which are legitimate, honest business people. Hastily promoted enterprises, based on profit-taking alone, should be watched with some misgiving. Management attitude cannot be used as a yard stick, for too often these chisellers are well versed in their chosen craft and can easily convince you that black is white. It will be interesting to see how many professional promoters are left after this coming winter.

Work On Play Area Continues Locally

All volunteers are welcome to assist in the work progressing on the new baseball diamond and golf course, Mrs. Betty Kielhofer, secretary of the Truckee Recreation Committee, announced.

Sunday there were approximately 40 truck loads of fill soil hauled onto the new baseball field with Herb Puckett and Bill McGuire furnishing the trucks at half the usual cost, while Jack Ellis, Karl Kielhofer, Orlan Waters, Gil Kumble and John Engen did the supervising.

Lunch and refreshments were served by Mrs. Kielhofer and Mike Ellis.

During the week and for some time to come, a Granite Construction cat and carry-all will be on the golf course finishing up the rough work. Also, Mrs. Kielhofer said, C. H. Burckett of Tahoe City will furnish his drag-line at reduced rate to dig a pond which will be stocked with trout.

YOUTH PROBLEMS IS TOPIC OF MEETING

On Wednesday evening, July 1, the Women's Society of Christian Service of the Church of the Mountains met at the home of Mrs. Robert Roth. Twenty-eight members and guests were present.

Following the business meeting a discussion of youth problems was led by Mrs. Ivan Wilson, vice president. Mrs. Roy Slate, secretary of Spiritual Life, led the short worship service. Mrs. Muriel Frey and Janis Roth assisted the hostess in serving refreshments to conclude a most enjoyable evening.

On June 30 officers from the Kings Beach society joined local officers for lunch at the Church of the Mountains followed by a school of instruction conducted by district officers. Mrs. Clyde Cleffer of Sparks, California Nevada district treasurer was assisted by Mrs. Jack King, recently elected vice president of the Sacramento Nevada District and Mrs. William Broadhead of Reno, Sacramento Nevada District treasurer.

TAHOE DRIVER IS INJURED IN CRASH

Charles E. Sherman, Jr., 29, Tahoe City, was seriously injured July 2 when his car and one driven by Walter G. Forrester, Jr., 38, collided just north of Tahoe City on Highway 89. Sherman, the California Highway Patrol reported, was making a turn into a cabin he was building when his car was struck by the Forrester machine. Sherman was taken to a Reno hospital in critical condition.

Mountaineers In First Place With Victory Over Verdi

Truckee Team Loses, Wins In Weekend Games On Field Here

by JOHN FIRPO

For the first time this season the Truckee Mountaineers are in first place in the Sierra Nevada League by one-half game. They did so when they toppled the Verdi Vandals from the leadership with them 15-10 on the local field last Saturday. The following day the Mountaineers found the going a little rougher and dropped a cliff-hanger of a ball game to the Desert Admirals, 7-6 in 10 innings. The win and loss gave the California squad a 6-2 record while Verdi, who drew a bye Sunday, is 5-2.

Saturday the Mountain Men and Verdi met to decide who would be the league's leader and both, to the dismay of the pitchers, brought their hitting uniforms. The slugfest battle saw the score tied twice while Truckee managed to always have the lead. The Mountaineers jumped off to a 4-0 lead in the bottom of the second—Otis Cluck got the ball rolling for his teammates by leading the inning off with a bases-empty home run. After two more batters had reached base safely centerfielder Bill Campbell blasted a triple scoring two more runs. Craig Robinson then battered a single to right to score Campbell for the last tally of that inning.

Verdi tied it up in their half of the fourth Fred Columbi and

ED ANDROUS SEATED AS COMMANDER OF LOCAL LEGION POST

Peter Benton, Sixth District Commander of the American Legion, installed Ed Androus as the new commander of Truckee Post No. 439 Tuesday night.

Other officers installed included H. L. Owens, 1st vice commander; Robert Leamon, 2nd vice commander; Frank Quilici, adjutant; Frank Fox, chaplain; E. A. Parker, service officer; James McIver, historian; M. C. King, sergeant at arms; Lloyd Everett, judge advocate.

WATER RIGHTS WILL HOLD MEET HERE TO DECIDE ON CLAIMS

SACRAMENTO (CNS)—The state water rights board announced it will hold a public hearing at the Tahoe-Truckee High School in Truckee on July 30 to four disputed applications for water from an unnamed spring tributary to Donner Lake.

The applications were filed August 19, 1957, totaling 4500 gallons of water a day. All would be diverted at the same point, by gravity, through 3700 feet of pipe. The water would be used for domestic purposes and irrigation of lawns and gardens.

Applicants are Karl L. and Frances C. Kielhofer, Joseph R. and Maebel H. McDonald; Clarence E. and Willeta Leiby, and John P. and Anna M. Wvatt.

Protesting the applications are the Truckee-Carson Irrigation District and the Donner Lake Utility Company.

The district alleged it would be deprived of water it now is using and has been using for irrigation, power generation and domestic purposes since 1903. It said waters of Lake Tahoe and the Truckee River are being used for irrigation of 70,000 acres of agricultural land, 30,000 acres of pasture lands, and furnishing domestic water to Fernley and Wadsworth, Nevada, and to the Fallon Naval Auxiliary Air Station at Fallon, Nev.

The Donner Lake Utility Company said the source applied for is necessary to supply domestic water service to about 200 customers and will be needed to serve the rapidly growing area. The company said water from the sources named in the applications has been used by it and its predecessors since before 1914.

Prestons Visit—

Mr. and Mrs. William Preston and children of Sacramento visited the A. E. Burlinghams last week.

From Valley—

The J. E. Joerger family of Shingler Springs are occupying their local ranch property for the summer.

Business Area Park Lot Opens To Aid Congestion Here

Truckee's new business area parking lot went into full operation last week and is proving its value to the business people and shoppers.

The new lot, with a capacity of 50 cars, is located on the site of the old Southern Pacific Hotel, directly across the street from the post office. It has been surfaced and leveled and has one entrance and two exits, plainly marked for the convenience of motorists. There is no charge for its use and everyone is urged to use it when shopping or parking for any length of time.

The work of preparing the lot was under the supervision of N. F. Dolley, president of the Truckee Donner Chamber of Commerce. Although the chamber sponsored the lot, it acted only as an agent for the business people in financing the project, none of the money coming from the chamber funds.

The Southern Pacific Company is renting the land at the rate of \$3 a month, which they said would be the same as the taxes currently paid on the property. The merchants pay only during the time the lot is in use with a maximum of six months. Dolley said the cost of preparing the area for parking was approximately \$300, with considerable of the work and materials donated.

Clements Rock Products, for example, supplied the fill soil and crushed rock, while Frederickson & Watson contributed the use of equipment and other local people aided in the project without charge.

The new lot has greatly relieved the parking problem on the main street and it has been decided to delay the two-hour parking rule which had been provided for previously.

REPORT ON RIVER TO BE MADE AT MEETING

A meeting of interest to all sportsmen will be held at Capitol Hall Friday evening at 7:30, where State Biologist Adams, who has made a complete study of the Truckee River will show picture slides and talk on the findings he has made.

Charles Osburn, president of the Truckee Outdoor Sportsmen which is conducting the meeting, extended an invitation to all to attend.

RULES TO GOVERN CAMPER'S OUTLINED

California has had one of the driest years in history and as a consequence, the fire hazard this summer and autumn in wood and grass lands is critical.

Fish and Game Director William E. Warne urged hunters, fishermen and others utilizing California's outdoor recreation areas to remember the following safety rules concerning fire:

Break matches in two. Carefully put out cigars, cigarettes and pipe dottle.

Use an ash tray in the car. Have a car partially filled with water in camp.

Make sure campfires are dead out before leaving camp or going to bed at night.

Carry litter-bags in the car. Litter is not only unsightly, but can help spread fire. The department urges hunters and fishermen not to litter highways and to clean up campgrounds. Not only are you helping to preserve California's great outdoors, the department pointed out, but if your camp is on privately owned land, you may not be permitted to come back next season if you leave a mess.

SACRAMENTO MAN IS OWNER GROUP HEAD

Vic Wardell of Sacramento was elected president of the Donner Lake Property Owners Association at a meeting held July 4.

Other new officers are Bill Murphy of San Francisco, first vice president; Arnold Christensen of Woodland, second vice president; Wayne Ross, Sacramento, secretary and Miss Jean Mooney of San Francisco, treasurer.

The board of directors includes John Teerink, Otto Norgaard, Herman Lausius, Mrs. Jack Estes, all of Sacramento and Henry Mckel of Oakland.

Fire Chief Emery Lander was the principal speaker at the meeting asking support for the fire department.

Stage Is Set For Boat Races Next Sunday At Donner

Barbecue Will Be Feature On Saturday; Dance Is Scheduled

by VIRGINIA O'BEAR

Official notice has been received by all racing drivers in region 11 of the American Power Boat Association that the Donner Lake Regatta will be officially recognized, and that all racing rules of the association will be strictly enforced. Vivian Bartolomei, secretary of the Northern California Outboard Association, has already reported entries from any of the favorites of former years.

Of special interest to Truckee area fans and Donner Lake, will be the entry of Alex McDermott. McDermott is a former summer resident of Donner Lake and is at the present time a student at Oregon State College. He is the defending national champion in the B racing runabout class. National champion F racing runabout, designed and owned by Chuck Parsons of Lodi, is also among the early entries. Parsons, a veteran driver of many years of racing and holder of the world's speed records in F racing runabout, will be at the judge's stand as the official referee for the race. However, his boat will be driven by Don Biagio of San Francisco, and Harry Bartolomei, chairman for racing in region 11 of the American Power Boat Association, will be his deck rider and mechanic.

Virtually all of the regional champions from region 11 will be in attendance at the race scheduled to begin at 10 a.m. Sunday, July 12 at the west end of Donner Lake. The Donner Lake Regatta is conducted by the Northern California Outboard Association and all benefits derived therefrom will be for the Donner Lake Volunteer Fire Department.

Events scheduled for the weekend start off with the delicious chicken barbecue served by the Ladies' Auxiliary from 4 to 7 p.m.

Continued on Page 8

Service Station Is Robbed By Bandit

Donald Matson of Harry's Mobile Station, one mile west of Truckee, reported to sheriff's deputies that at 10:30 Tuesday night an armed robber, riding a motorcycle, held him and robbed him of \$200 in cash and a watch.

Matson said he was sitting at the desk when the robber entered and demanded: "Give me all the money you have and throw the watch in the bag."

It is presumed the motorcycle was stolen. It passed the station several times before the rider stopped and produced the .22 caliber revolver and demanded the money.

OBIE F. BRIGHAM, 71, EXPIRES AT TAHOE

Last rites for Obie Frederick Brigham, 71, were held at the Tahoe City Catholic Church Wednesday morning, following rosary Tuesday evening. Burial was in the Tahoe City cemetery.

Brigham, a native of Massachusetts, born July 27, 1888, expired at his home in Lake Forest Sunday following a stroke.

Surviving are his wife, Dora, and a son, Robert M., both of Lake Forest and a daughter, Mrs. Annette Morgan of Florida. There are two grand children, five great grandchildren, two brothers and one sister, the latter residing in the east. The Truckee Colonial Mortuary was in charge of the funeral arrangements.

PICNIC, BAPTISMAL SERVICE PLANNED

Immediately following morning services at the Truckee Bible Church Sunday, there will be a church picnic at the patio of the Dallas L. Hughes home in Kings Beach. At 3 p.m. there will be a baptismal service at the private beach of the Ermin Kellogg home at Tahoe Vista. Those to be baptized are Mr. and Mrs. Hughes, Mr. and Mrs. Jimmie Chastain, L. Donald Prouty, Ervin Kellogg, L. Webster, Miss Jo Lee Smith and Miss Susan Viely. There will be no evening service and Pastor Rhoades will be speaking at the Congregational Church at Grass Valley.

To Sell Real Estate—

Mrs. Eve Popovich said this week that Mrs. Karl Kielhofer is a real estate salesman, having successfully passed a recent qualifying examination in that field.

From Folsom—

Mrs. Ronald Frates of Folsom visited her parents, Mr. and Mrs. John Rabin who are spending the summer here from Roseville.

Mrs. Marquis III—

Mrs. Mary Marquis of Eugene, Ore., wrote that she is now living with her son and was a hospital patient for several weeks. Her many friends here will be glad to learn that she is gaining her health.

STATE OF CALIFORNIA DEPARTMENT OF PUBLIC WORKS DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on July 22, 1959, at which time they will be publicly opened and read in the Assembly Room of said building for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Placer and Nevada Counties, on West River Street, between Route 38 South of the Donner Creek Underpass and Route 38 in Truckee (III-Pla, Nev-38-C, A) about 1.4 miles of two-lane highway to be graded and paved with plant-mixed surfacing on untreated base, existing base and existing surfacing, and a reinforced concrete bridge to be constructed.

Bids are required for the entire work described herein. In accordance with the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages in the county in which the work is to be done to be as follows:

RATE PER HOUR	CLASSIFICATION
3.00	Apprentice (oiler, fireman, heavy duty repairman helper)
3.115	Asphalt ironer and raker
2.965	Asphalt shoveler
2.905	Bootman
3.375	Carpenter
3.37	Cement mason
3.115	Chainsaw operator, faller, log loader and buckler
3.255	Combination bootman and road-oiler
3.10	Compressor operator
2.965	Concrete laborer (wet or dry)
3.10	Concrete mixer operator (up to one-yard)
2.865	Flagman
3.55	Heavy duty repairman
2.865	Laborer
3.115	Lagger (sheeting, waling, bracing, trenchjacking, hand guided lagging hammer)
2.865	Limber, brush loader and piler
3.50	Mechanical finisher or spreader machine operator (asphalt)
3.95	Operator of power shovel, dragline, crane, clamshell, backhoe — over one yard
3.75	Operator of power shovel, dragline, crane, clamshell, backhoe — up to and including one-yard
2.965	Operator of vibrator and all pneumatic, gas and electric tools
3.75	Power blade operator
3.50	Power saw operator
3.60	Reinforcing iron worker
3.115	Riprap stonepaver and rock slinger including placing of sacked concrete (wet or dry)
2.905	Road oiler
3.50	Roller or self-propelled compactor operator
3.50	Saw filer
3.20	Screedman
3.10	Spreader box man (with screeds)
3.85	Structural and ornamental iron worker
3.55	Tractor operator, dozer scraper, compacting equipment or push cat
3.70	Tractor loader operator (up to two yards)
3.85	Tractor loader operator (two yards or over)
2.75	Truck driver — under 4 yards (water level)
2.89	Truck driver — 4 yds and under 6 yds (water level)
3.10	Truck driver — 6 yds and under 8 yds (water level)
3.35	Truck driver — 8 yds and over (water level)
3.01	Truck driver — flat racks over 10,500 pounds
2.925	Water truck driver — under 2500 gallons

Any classification omitted herein not less than \$2.75 per hour. Overtime — not less than one and one half (1½) times the above rates.

Sundays and holidays — not less than one and one-half (1½) times the above rates. The holidays upon which rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

Plans, specifications, and standard proposal form to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California.

Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

MRS. ELMER BROWN IS NOW AT LIBRARY

Mrs. Elmer Brown, well known in the local communities, has joined the staff of the Tahoe-Truckee Community Center Library. Currently she is assisting with the inventory of library materials and the processing and distribution of textbooks to the five schools.

In her regular duties she will concentrate more fully with textbook materials and will assist with the preparation and typing of purchase orders originating in the library. In so doing she will relieve the librarian of much clerical routine thereby freeing him to work more closely with the students and faculty.

During the week of July 6-10, while Mrs. Ileen Riden is on vacation, John Corbin, superintendent, has authorized the closing of the library. However, the closing will not interfere with the Children's Story Hour scheduled for Wednesday, 3 to 4 p.m. The hour was held

last week for the first time with 12 children being present. The program, planned for youngsters nursery school through the 4th grade, is expected to grow as more children of the area learn of it.

DONNER SUMMIT NEWS

BY DONNA POWERS

WOODLANDS

Open for this season and doing well is Pla-Vada Woodlands estates, says agent Fran Couillard. Recently selecting lots in the development are Mr. and Mrs. James Hill, Mr. and Mrs. George Neidl, Mr. and Mrs. Howard Voight, Peter Nairn, and Mr. and Mrs. Parlette.

Because the new Highway 40 is going through the present location of their Cisco Grove home, Mr. and Mrs. Arthur Clark are having their home moved in its entirety to the lots they have selected. Recently the Pla-Vada Woodlands Community Association held its first meeting for the purpose of organizing. The incumbent officers were retained with the exception of William Bean who was elected to the board of directors. Punch and cookies were served to the thirty members present while Nairn, and Mr. and Mrs. Parlette.

Tahoe Items

Mrs. P. R. Murray of Merced is again at Tahoe Vista for the season.

The O. I. Lockwood family of Santa Monica has returned to Tahoe City for a prolonged vacation.

Mr. and Mrs. H. A. Haley, well known at Tahoe City for a number of years, moved to Sierraville last week where they are building a small place on an acreage with a stream running through the land.

The Ralph Rauscher address has changed from Tahoe City to Home-wood.

development the area has undergone since its beginning.

NEW HOME

Mr. and Mrs. Bert Barber of Newcastle are making progress toward the completion of their Soda Springs home. The couple plan to do most of the work themselves, and for this reason it may take them three summers or more, to complete their cabin.

NOTICE OF SALE OF REAL PROPERTY UNDER TRUST DEED

NOTICE IS HEREBY GIVEN by PLACER COUNTY TITLE COMPANY, a corporation, trustee under that certain deed of trust bearing date of the 19th day of September, 1941 and found recorded in the office of the County Recorder of the County of Nevada, in Book 71 of Official Records at page 362; and as trustee under that certain deed of trust bearing date of the 21st day of June, 1952, and found recorded in the office of County Recorder of the County of Nevada, in Book 175 of Official Records at page 224, both of said deeds of trust being made and executed by William M. Rutherford, also known as and called W. M. Rutherford, to Placer County Title Company, a corporation, as trustee, and Placer County Bank, a corporation, beneficiary, that said trustee will on the 24th day of July, 1959, at the hour of ten o'clock a.m. of said day, at the main entrance to the County Court House in Nevada City, California, sell at public auction as provided in said deed of trust, and as provided by law, the real property described in said deeds of trust and more particularly described as follows:

All that real property in the County of Nevada, State of California, described as:

PARCEL NO. 1: All that portion of the southwest quarter of the northwest quarter (SW 1/4 of NW 1/4) of Section Twenty-three (23), Township Seventeen (17) North, Range Fourteen (14) East, Mount Diablo Base and Meridian, bounded and more particularly described as follows, to-wit: Beginning at the southwest corner of the lot herein described, identical with the southeast corner of the W. M. Rutherford lot, from which the quarter section corner on the west line of Section 23 aforesaid, bears the following courses and distances: South 83° 50' West 100.00 feet and South 35° 27' West 247.26 feet; thence from the said point of beginning, North 6° 10' West 100 feet to the northwest corner; identical with the north corner of the said Rutherford Lot; thence North 83° 50' East 50.00 feet to the northeast corner; thence

South 6° 10' East 100 feet to the southeast corner; thence South 83° 50' West 50.00 feet to the southwest corner and the point of beginning.

PARCEL NO. 2: All that portion of the southwest quarter of the northwest quarter (SW 1/4 of NW 1/4) of Section Twenty-three (23), Township Seventeen (17) North, Range Fourteen (14) East, Mount Diablo Base and Meridian, and more particularly described as follows: Beginning at a point which bears North 83° 50' East a distance of 153.6 feet from a point on the Section line 283.93 feet north of the quarter corner common to Section 22 and 23, of said Township and Range; thence North 6° 10' West 30.80 feet; thence South 86° 51' East 141.87 feet; thence South 6° 10' East 7.83 feet; thence South 83° 50' West 140.00 feet to the point of beginning and containing 0.063 acres, more or less.

PARCEL NO. 3: All that portion of the southwest quarter of the northwest quarter (SW 1/4 of NW 1/4) of Section Twenty-three (23), Township Seventeen (17) North, Range Fourteen (14) East, Mount Diablo Base and Meridian, described as follows: Beginning at point which bears North 22° 01' East a distance of 389.7 feet from the quarter corner common to Sections 22 and 23 of said Township and Range; thence North 6° 10' West a distance of 105.01 feet; thence North 83° 50' East a distance of 140.00 feet; thence South 6° 10' East a distance of 127.98 feet; thence North 86° 51' West a distance of 141.87 feet to the point of beginning, and containing 0.375 acres, more or less.

That said sale will be made for cash, legal tender of the United States, to the highest bidder, the full amount of the purchase price to be paid at the time of the bid.

NOTICE IS FURTHER GIVEN that default was made under said deeds of trust; that notice of said default and of election to cause the property to be sold was filed in the office of the County Recorder of Nevada County on the 5th day of March, 1959, and is of record in Book 258 of Official Records at page 126, and that more than three months have elapsed since the filing of said notice of default and that the defaults under the said deeds of trust still continue.

good wishes for her health recovery.
Leonard Thisby of Acampo is staying at Tahoe Vista.

DONNER DOINGS

BY VIRGINIA O' BEAR

Virginia Robart was up for a week with her three children and said she had a wonderful time seeing all her friends again. She also said that the water skiing was simply grand.

Mrs. Bert Johnson came up last week with her children and a few more to make a total of 16 children. Arlene said she was having a lot of fun with them, especially since they brought up 16 horses for the children to ride while up.

Mr. and Mrs. Earl Hoogner of Kingsburg, parents of Mrs. Milan Wight were up over the weekend helping Milan with his new sun-deck. Also visiting and helping out was Milan's father, Harvey Wight of Selma.

Mr. and Mrs. Bill Siemson were up for a few days to try out some of the streams that they have been hearing about. Fishing reports are good and when the Siemsons come up for the regatta they will leave the fishing equipment home.

The Donner Lake Volunteer Fire Department and Auxiliary had a joint meeting Monday night at DonLac Lodge to get last minute details taken care of for Saturday and Sunday—the Regatta weekend. Before the meeting was over, the firemen had to rush to a fire which was on S. P. property up near the tracks. They had quite a time going up that rough road and it must have been quite a sight to see the fire trucks, jeeps and trucks going over that dusty trail. The fire was put out quickly and little damage was done.

Things are in a whirl at Donner Lake. As I mentioned above, it is the weekend of the year for the firemen and auxiliary at Donner. Everywhere you look you can see members with barbecue tickets and boat race programs. The meeting Monday determined the nights that the judges stand would be put up and the tables for the barbecue. More ladies have volunteered to serve so there will be two lines for the diners which will prevent the hungry people from having to wait. There will be two ladies on the coffee detail and everyone will pitch in and clean up after the barbecue so everyone can get ready for the dance which promises to be lots of fun. Be sure to go Hawaiian or calypso so you will fit in with the atmosphere.

Last Saturday, a float was entered in the 4th of July parade at Reno. It was beautifully decorated with our fire department colors—red and white. Robert Jamison donated the use of one of his new boats and a new pickup truck was driven by Mrs. Jamison. Mrs. Rex Reid rode in the pickup with Mrs. Jamison and they really enjoyed the remarks from those watching the parade. On the float was Miss

SINGLETON IS GIVEN QUARANTINE JOB

The Singleton Construction Corporation of Redding, has been

Shirley Smith (Miss Donner Lake). All around the boat you could see Terry Ellis, Sharon Tremayne, Terry Beck, Nancy Watts, Mary Pratt, LaVonne Lund and Shirell Hansen.

Saturday, at the west end of Donner Lake, the Donner Lake Property Owners Association held a meeting and election officers for the coming year. Many things were discussed concerning boating, improvement of property for the property owners' beach. Guests were Fire Chief Emory Lander, representing the fire department and myself, representing the auxiliary. I was proud of our chief and the way he answered some of the questions put to him by some of the summer residents. Some were against the boat races as they said they spoiled one day of their vacation. After that meeting, they all agreed that they would go along with the fire department and that they would willingly give up that day, since it is to raise money for fire protection for them as well as permanent residents. I was on the agenda to make a speech and it concerned two things. One was the barbecue scheduled for Saturday between 4 and 7 p. m. and the other was to tell about a petition we have circulating at Donner Lake. All property owners at Donner are signing a petition to have the lake area zoned. It is very important because without zoning, trailer courts can move in on us as well as any type of business and can set up shop right in our residential area. If you are a property owner please contact Mrs. Eugene Welch at Welch Hardware in Truckee or Virginia O' Bear at Donner Lake. We have the petitions that you can sign.

awarded a contract for the construction of a plant quarantine inspection station for the California Department of Agriculture at Truckee.

The Singleton Corporation submitted the low bid of \$154,000 for the project. The state's original cost estimate of the building was \$182,800. The station will be operated by inspectors of the bureau of plant quarantine.

Work will start immediately.

Notes**

By NINA SLADE

Tahoe summers are all things to all men, but one of the pleasantest diversions is exploring the back country. Mrs. George Neldam's guest, Mrs. Junea W. Kelly of Alameda, has been visiting them for the past eight years, and has taught ornithology and botany at the Extension Division of UC for 40 years. This year, just prior to her 73rd birthday which she doesn't mind admitting a bit she joined Mrs. Neldam on a seven-mile hike from the boat landing to Desolation Valley. Tahoe students of Mrs. Kelly's course at UC are Mrs. Neldam, Mrs. Herb Dana and Mrs. Howard Fletcher of Rubicon properties.

In Desolation Valley they were lucky enough to spy a Williamson sapsucker nesting; a Calliope hummingbird, which also frequents Meeks Bay and Tahoma; a nesting Lincoln sparrow, a rare thing to see, according to Mrs. Kelly; a white-headed woodpecker feeding her young; and hear the lovely song of the ruby crown kinglet.

The Howard Fletchers of Rubicon properties had Mrs. Helen Gunther of Montclair as their guest last week.

Mrs. O. M. Kingery of Ripon has opened her Tahoma house. Her daughter, Mrs. C. N. Aldrin of Sockton, is spending July with her.

Mr. and Mrs. Robert A. Ivey of San Jose are holidaying at Tahoma until September.

Mrs. Shirley Keyers and her mother, Mrs. E. Matthews, of San Francisco, are at their Tahoe Cedars cabin.

Dr. Sherman Tuttle and family have opened their cabin at Tahoma.

The Freeman A. Mills family are again summering at their Meeks

**BILL BECHDOLT IS
HEAD OF ROTARY**

TAHOE CITY—Bill Bechdolt, manager of Tahoe Inn, accepted the gavel as president of Tahoe City Rotary Club at the June 30 luncheon after Martin Spitsen had been demoted as president for the past year.

Bill Connors, a former president, was master of ceremonies for demotion. He conducted the out-going president to a table set up with cooking utensils and told Martin he must cook his own lunch which included hamburger and a head of cabbage from which he was to make a salad. Bantered with disparaging remarks about his acts as president and his personal business, Martin attempted the task of preparing his own meal but in the end he was fined \$35 for being such a poor cook.

Like all demotions of Rotary presidents, Martin was awarded the usual past president's gold pin and praised for service as president. In reply, Martin gave credit to his board of directors and the committees he had appointed. He especially praised Program Chairman Gordon Moyer for doing an outstanding job of providing programs. Bill Bechdolt, in accepting

Bay home.

Mr. and Mrs. C. F. Reed of Morongo Valley are vacationing at Tahoma again this year.

Mrs. Mae Steele of Sacramento is at Tahoma and the house overflowing with family and guests.

Judge Hugh F. Mullins and family of San Mateo are busy boating, swimming and relaxing at their lakeside home.

One of the pleasant things about dining at Cunningham's restaurant, Homewood, is watching the many species of birds feeding in the attractive garden where the Cunninghams supply, also run a restaurant for their feathered friends.

The Vic Ferris family and Mrs. Gladys Schultz are opening Whispering Pines Resort, Tahoma, for summer guests.

Glenn Black and Ed Hicks of Santa Cruz are again at Tahoma.

Mrs. George Siller with her mother, Mrs. George Franz, are enjoying their acre of Tahoma. The Sillers have been vacationing here for 27 years. Their home in Sacramento had to give way for the freeway and they've bought a new one there on Huntington road.

the gavel, thanked the members for their confidence in electing him for the ensuing year and said he hoped he will be able to do as good a job as Martin. It was the first demotion of a president in the history of the club.

Thirty-four members and 13 visiting. The visiting Rotarian farthest from home was Neal Wherry of Laurence, Kansas Rotary Club.

The Fred Hatfields of Glendale are enjoying their annual visit to Carnelian Bay.

The 269 U. S. submarines which operated in World War II spent a total of 7,670 days at sea.

**CERTIFICATE OF BUSINESS
UNDER FICTITIOUS NAME**

The undersigned, Realty & Tax Service Company, a corporation organized under the laws of the State of California, whose principal office is located at 433 South Spring Street, Los Angeles 43, California, does hereby certify that it is conducting a tax service business at 251 Kearny Street, San Francisco, California, and in Nevada County under the fictitious name of "California Tax Agency."

IN WITNESS WHEREOF, the undersigned has caused this certificate to be executed by its officers thereunto duly authorized and its corporate seal to be hereunto affixed this 29th day of May, 1959.

REALTY TAX & SERVICE COMPANY
By C. E. Gauldin, President
By LaVerne Herbruck, Secretary

(CORPORATE SEAL)
STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) ss.

On this 29th day of May, 1959, before me, the undersigned, a Notary Public in and for said County and State, personally appeared C. E. GAULDIN, known to me to be the President, and LAVERNE HERBRUCK, known to me to be the Secretary of the corporation that executed the within instrument, and known to me to be the persons who executed the within instrument on behalf of the corporation therein named, and acknowledged to me that such corporation executed the within instrument pursuant to its by-laws or a resolution of its board of directors.

WITNESS my hand and official seal.

HELEN A. MAZGAY
Notary Public in and for said County and State.
(NOTARIAL SEAL)
My commission expires March 4, 1960. J9-16-23-30

**WHEELS ARE STOLEN OFF
ASSEMBLYMAN'S AUTO**

Assemblyman Paul J. Lunardi of Roseville, now vacationing in Hawaii, doesn't know it but someone stole the front wheels off his car.

San Francisco International Airport informed the Roseville Democrat's parents that the auto was found in the airport parking lot without the front wheels.

Lygus bugs were reported to be among the ten worst crop pests in California last year.

Paid Advertisement

An Explanation

We, the members of the Recreation Committee, represent a large body of the voters in the Public Utility District. We feel, in view of the fact that some of the people do not approve of recreation being developed and paid for by Public Utility monies, that a public report is in order to explain the reasons behind our efforts.

Some fifteen years or more ago, the Public Utility purchased approximately 500 acres of land at the nominal price of \$17,500, for the specific purpose of the development of full recreation on the extra acreage. Other persons were prepared to buy this same property, but their offers were not considered in view of the fine purpose and intent for which the Utility planned to use this land.

As the years progressed, these well-laid plans were slowly cast aside and forgotten.

Two years ago, a group again became interested in carrying through the original plan. They found that all but about 80 acres of the recreation land had been sold for school and highway construction. Over \$100,000 was realized from these sales and has been spent since that time on further development of power and water within the District.

Seeing the need to act quickly or forever lose our chance for recreation development, we took the necessary steps to set aside still another piece of property containing approximately 65 acres.

Our contention, at this time, is that some of the remaining original recreation acreage should be sold and the money be earmarked for nothing but recreation. This would still leave the Utility with some 150 acres of valuable property and would not disturb the funds they have presently, which are being held to pay for the construction of a new power system in the near future.

Public Utilities all over the State of California have included recreation as a third Utility and considered it every bit as important as power and water. They have proved the merits of their thinking by increased usage of the utilities through new construction of homes and businesses. Many public owned utilities do not possess any excess property whatsoever as they feel their ownership denies these parcels from being placed on the tax rolls and lessening the burdens of the taxpayers. Through the foresight of the past utility besides the manager of the district, we are very fortunate today, to be in possession of this valuable land. We again state that a portion be sold to complete recreation in the district and an amount be retained for possible future need but it is far more important that new business and perhaps industry buy this land than having all of it kept away from the tax rolls and isolated from good use without there being a very sound reason for it.

Five years ago, there were but five or six golfers living in this area. Today there are almost forty regulars and some fifteen to twenty who golf when time and money permit the 30 to 60 miles of travel necessary to indulge in their favorite sport. There are many, many more who are eager to begin the game if and when we have a course locally. This amazing increase in our small community is indicative of the percentage of increase all over the nation. Hundreds of thousands of people would not even remotely consider spending their precious two-week vacation in an area that did not include golfing facilities. Statistics prove that industry will not consider moving into a locality that does not offer adequate recreation for their employees.

Every weekend of the summer, a properly advertised and operated golf course can sponsor a tournament which includes hundreds of participants. It is a sport that embraces the very young and the very old. It is one sport that families find they can enjoy together. A large clubhouse, which can easily be built by shareholders throughout the area, could also serve to make any or all community gatherings more enjoyable.

We have often noted some of the old-timers complaining that "Truckee sure isn't like it used to be." They are right!

When Truckee maintained a ski-jumping scaffold and adequate ski-runs, there were literally thousands of weekend tourists on hand to witness these thrilling sports. The town was thriving with busi-

ness and gaiety. With the recent sale of Crandall's Lodge and the re-installation of those ski-facilities, we will again see these fun-loving people returning to our area who have since lost interest and taken their winter business elsewhere.

So what is left?—to also use our beautiful summer months to the best advantage by giving the tourists something to do right here!

A golf course owned by the Public Utility would be free from taxes. It would also be in a position to furnish power and water at a minimum. These three items are a tremendous expense to the privately-owned course. Eliminating these, the operating expense would be very low and most of the yearly revenue could revert back to the Utility District or to further develop any other recreation that might be in demand later on. Aside from all this, the Utility would be tripling the value of this land the moment the project is completed.

In the not too distant future, we predict the shortcut will be lined with homes and new business. Being only 20 minutes from Kings Beach on the recently improved highway, we are sure that presently established business will increase unbelievably on the basis of this project.

It goes without saying that the new ball diamond, now half complete, will be greatly used and ideally located to best serve the community. It will be equal to any diamond in the larger cities, with grass and professional dimensions. We also plan a lake stocked with trout and a playground for smaller children. These things, of course, will not be designed with the thoughts of making money or even supporting their own maintenance. The golf course revenue, however, will serve to maintain all the facilities planned, plus making an excess for future development.

We have worked diligently for two years and are willing to continue doing so. However, we would like to think that the entire District wants recreation as much as the 29 voters who petitioned the Utility last summer.

At this point, we have completed between five and six thousand dollars in development with the generous donations of equipment and operators. We have spent approximately \$550.00 in actual cash. We expect the entire project to be completed for less than \$40,000, which is unbelievably low but altogether possible, as we are providing.

Much thought and planning by a large group of businessmen has been expended. Experts have been consulted from the California Recreation Commission, the National Golf Foundation, California's most prominent architect, Bob Boldock, and heavy construction engineers. Many letters have been exchanged with other small communities who have succeeded in this same program for approximately the same amount of expense and some for less.

We feel that nothing is impossible if you want it enough, work hard, and work together. The Public Utility belongs to each and every one of us. We elect board members to handle our affairs the same as we entrust our individual holdings with our bankers. These men, however, cannot do everything to please the people unless we all attend their meetings and make our desires known.

Let us all work together as the old Truckee used to do. If we are united in our efforts and utilize our beautiful surroundings, we could produce a scenic tourist haven comparable to anything around us.

We would welcome the opportunity to answer questions about this project and would appreciate the chance to clarify any doubts that may have arisen because of ill-founded rumors.

We hope this public report has served some purpose and enlightened persons who may have felt our project was foolish or our motives doubtful. Only the end results, with continued support, can prove that we are doing our utmost to make this the wonderful community we know it can be.

Please bear in mind we believe this project can be completed as we have stated with out taxation or bond and elections.

By JUDGE HARRY CHARRISON

WEATHER

The weather over the Fourth of July was its best for the hundreds of tourists that invaded North Tahoe. It gave big smiles to the business people, motel owners and of course the casinos at Crystal Bay. The excessive amount of pollen which we have been having is about through for the season.

REUNION

A very pleasant evening was

held last Thursday night with a get-together of a few classmates of the 1955 graduating class of the Tahoe-Truckee High. The party was held at the home of Joellyn Ashton. Those able to be present were Diana Abbott Lemke and husband, Maurice, Loma Sorensen Moore and husband, John, Suzanne Knoefler Stuart and husband, Jay, Carol Levy with her fiancé, Jules Routbort, Lewis Fellows, Barney Gilmore and Ann Tamblin. Refreshments were enjoyed while reminiscing over the past four years. Joellyn left last Saturday for San Jose where she will nurse at the O'Connor Hospital and live with her aunt and uncle, Mr. and Mrs. William Pappas at Campbell.

HERE FOR MONTH

Mr. and Mrs. Mario Spagna of Standard Oil Company have rented a house on the lake front for the month of July. They are neighbors of Sam and Audrey Harrison in San Francisco. Staying with them are Sargent Mortimer McInerney of the crime laboratory of the San Francisco Police Department and family, Mrs. Marian McInerney (daughter of the Spagna's), with children Sheila, Cheryl and Janis. Also Mr. and Mrs. George Dexter, Mrs. Dexter (Jerry) is the daughter of the Spagna's with their daughter, Diane. Dexter is with an auto distributor of San Rafael.

BIRTHDAY PARTY

Harry McIntire really surprised his wife, Vivian, by springing a surprise birthday party for her last Wednesday, July 1. The same party also celebrated Earl Gray's birthday and the Fred Schultz's anniversary. Several of their friends helped celebrate and lots of fun was had. Best wishes to the honored guests and many years of happiness in store.

ACCIDENT

Robbie Robinson has been having a rough time lately. Had to make a rush trip to Los Angeles to see his very sick father and on the way home had a bad accident just about totally destroying the car. Robbie and son, Mike, luckily escaped serious injuries. The accident occurred around Bridgeport. Robbie spent a couple of hours in the hospital—returning home Sunday evening. His right arm and shoulder are pretty painful. Mike received a cut on his forehead. The little car rolled over twice having a small trailer attached. Let's have a little good luck from now on, Robbie, and we are certainly happy the injuries were not too serious.

SAD NEWS

Bob Moore's mother, Mrs. Floyd Roach, passed away on June 21, very suddenly of a heart attack. Upon returning home June 27, Bob was notified of the death of his step brother, whose funeral was June 30 in Gridley. All of Bob and Pearl's friends extend their deepest sympathy to them both and family in their sorrow.

ON THE JOB

It is nice to have Jack Schindler of the U. S. Forest Service back on the job after being so ill with double pneumonia. Jack is always on the alert for fire violators and has cited several residents of the North Tahoe area. Jack Radovich of Brockway was fined \$50 for lighting a fire in the middle of the day without a permit. This one could have been quite serious. The disastrous fire that is raging around the Sierraville area should be a lesson. It was caused by a camp fire. You must have a permit to burn at any time and extreme caution should be taken.

BEEN ILL

Mrs. Fay Olsen was taken to the hospital in Reno the beginning of last week, but this Monday morning we hear that she was brought home today and is progressing very well, we are happy to report.

VISITS

**STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF ARCHITECTURE**

NOTICE TO CONTRACTORS

SEALED PROPOSALS will be received by the Division of Architecture, Public Works Building, 1120 "N" Street, Sacramento, California; until 2:00 P. M., Tuesday, July 21, 1959 at which time they will be publicly opened and read for the construction of the KING-VALE MAINTENANCE STATION, DIVISION OF HIGHWAYS, DISTRICT III, NEAR SODA SPRINGS, NEVADA COUNTY, CALIFORNIA, (W. O. 4343SC), in accordance with the plans and specifications therefor and such addenda thereto as may be issued prior to bid opening date.

In general, this project comprises an Equipment Building and a Gas and Oil House, having approximate floor areas of 28,500 and 550 sq. ft. respectively, both of one-story concrete block construction, with steel and wood roof and partition framing. Floors are radiant heated concrete slabs and grade, with special concrete topping. Work includes site preparation, paving, structural steel, miscellaneous metal, aluminum windows, steel window wall, steel flagpole, carpentry and millwork, cement-asbestos sandwich panel siding, gypsum wall board, finish hardware, steel lockers, stock steel metal doors and frames, sectional steel doors, composition built-up roofing, painting, glazing, mechanical and electrical work.

Bids will be entertained on a lump sum basis only.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the minimum rate of wages applicable to the work to be done to be as follows:

Classification	Hourly Rate
Bricklayer	\$3.90
Carpenter	3.375
Cement Finisher	3.37
Concrete Mixer Operator — Up to one yard	3.10
Concrete Mixer Operator — Over one yard	3.45
Derrick Operator	3.85
Electrician	4.06
Glazier	2.55
Hod Carrier — Brick	3.10
Iron Worker — Reinforcing Steel	3.60
Iron Worker — Structural Steel	3.85
Laborer	2.865
Operator of Power Shovel and/or other excav. equip. with shovel-type controls (up to and includ. 1 yd.)	3.75
Operator of Power Shovel and/or other excav. equip. with shovel-type controls (over one yard)	3.95
Painter — Brush	3.15
Painter — Spray	3.15
Plumber and Steam Fitter	3.925
Roofer	3.30
Sheet Metal Worker	3.625
Tractor Operator — Dozer Scraper	3.55
Truck Driver — Less than 4 cu. yd. water lev. cap.	2.75
Any classification omitted herein — Not less than	2.75
Overtime — Not less than one and one-half times the above rates.	
Sundays and Holidays — Not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.	

Plans and specifications, and forms of proposal and Bidder's bond may be obtained by requesting them in writing from the Division of Architecture, Public Works Building, Sacramento, and they may be seen at the office of the Division of Architecture, Public Works Building, Sacramento, and the Builders' Exchange Offices.

No bid will be considered unless it is made on a blank form furnished by the Division of Architecture and is made in accordance with the provisions of the proposal requirements and conditions set forth under Section 1 of the Specifications. Each bidder must be licensed and also prequalified as required by law. (See said proposal requirements and conditions.)

A deposit of \$25.00, (check made payable to the Department of Public Works) will be required to guarantee safe return of the plans and specifications within 30 days after bid openings. Failure to so return the plans will cause forfeiture of the deposit to the State.

The Department of Public Works reserves the right to reject any or all bids, and to waive any informality in any bid received.

**SALES TAX DIVIDED
BY STATE BOARD**

SACRAMENTO (CNS) — The state board of equalization reported allocation of \$48,345 from collections of the 1 percent local sales and use taxes.

This included the regular distribution of \$48,345, plus an advance payment of \$2810 based on estimates of receipts during April. The larger payment was based on transactions during the first quarter. Heretofore, collections on April transactions were not allocated until the latter part of July.

The final allocation for the second quarter brought the total for the county for the 1958-59 fiscal year to \$240,729.

Statewide, the final allocation totaled \$12,453,683, including \$8,662,063 and another \$3,791,620 in advance payments based on estimated sales in April.

Total statewide distributions during the second quarter, on first quarter business, were \$46,287,483, up 27.1 percent from the same quarter in 1958. However, allocations in the quarter to the 47 counties and 293 cities for which the state collected the local sales and use taxes were up by 16.4. The other increase was due to addition of three counties and six cities to the program of local taxes.

AGREEMENT

**NOTICE OF AGREEMENT TO
PURCHASE PROPERTY DEEDED
TO THE STATE FOR
DELINQUENT TAXES**

NOTICE IS HEREBY GIVEN in

accordance with the provisions of

Division 1, Part 6, Chapter 8 of the

Revenue and Taxation Code and

the written authorization of the

State Controller that an agreement,

a copy of which is on file in the

office of the Board of Supervisors

of Nevada County, has been made

between said Board of Supervisors

and the State of California, acting

by and through the Department of

Public Works and approved by the

State Controller, whereby said

County will sell to said State of

California, under the terms set

forth in said agreement all the

right, title and interest of the

State of California in and to the

real property hereinafter described.

That unless sooner redeemed,

the undersigned Tax Collector,

pursuant to said agreement will,

not less than 21 days after the

first publication of the mailing of

this notice as required by law,

which ever is later, sell said property

to the State of California.

That upon the sale of the property

the right of redemption will

cease. For information as to the

amount necessary to redeem apply

to John T. Trauner, Redemption

Officer of Nevada County, in the

Court House in Nevada City, California.

The property referred to and

contained in said agreement is situated in the County of Nevada, Truckee, State of California, and is substantially described as follows:

In Donner Camp, Bucknam Tract, Lots 8 and 9, Blk 209. Last assessed to Wm. R. P. Clark.

Quotes and excerpts from California Division of Forestry report on Forest Pest Conditions in California

DWARFMISTLETOE

"Several sizable areas are under observation where mature trees are heavily infected. Many trees of all ages have either directly been killed by Dwarf mistletoe or so weakened that they were easy prey to the Mountain Pine Beetle."

Now unfortunately we have here at Lake Tahoe and Truckee more than our share of Dwarf mistletoe and Mountain Pine Beetles. So in order to protect your trees from both, all care should be taken to prune out Mistletoe and other parasites that weaken your trees and leave them vulnerable to the Beetles.

See your nearest U. S. Forest Service Ranger for advice and permits. And please drive carefully in the forests and protect our wildlife. These little creatures do not understand an automobile as the carcasses along our highways attest.

It takes a long time to grow a tree, and only a little time to protect it.

Now Another Matter
Folks Please Be Careful With Fire

600 ATHLETES WILL CARRY GAMES TORCH

More than 600 of California's finest prep school athletes will relay the Olympic Torch from Los Angeles to Squaw Valley for the February 18 opening of the VIII Olympic Winter Games there, it was revealed last week by Walt Disney, Games' pageantry committee chairman.

The torch will be brought from Olympia, Greece, by jet airliner, then run to the Los Angeles Coliseum, site of the 1932 Olympic Games, before making its journey by foot through key California cities, including Sacramento and San Francisco.

The final leg of the torch's spectacular round-the-world journey will include a helicopter lift to the top of the mountains surrounding Squaw Valley where a ski-bearer will race down the slopes to light the sacred Olympic Fire which will burn throughout the 11-day period of the games.

Bill Nicholas, general manager of the Los Angeles Coliseum, is in charge of the relay arrangements.

The plan calls for the California Interscholastic Federation, governing body of high school athletics, to provide the runners. Each will run a mile on the exciting journey which will include civic functions at cities along the way.

The exact route has not yet been determined, but it will cover the San Joaquin valley, the bay area and the state capital.

Each runner will be outfitted in white with the emblem of the VIII Olympic Winter Games emblazoned on his shirt. Each will be given a scroll signifying his role in the one-in-a-lifetime event.

RECREATION

Continued from Page 1

united on methods of financing it.

This week, the recreation committee is publishing an advertisement explaining their stand on the project.

Under the utilities code of the State of California, the utility district may, by resolution, setup a recreational district within the district provided a public need and convenience can be shown and may also finance such a district through the earnings of the utility.

Osburn and Mrs. Betty Kiehlofer secretary of the committee, headed the delegation which attended the last board meeting to request sufficient funds to carry out the project.

Members of the board opposing the sale of land to finance the construction of the golf course and ball diamond pointed to a recent audit report which proposed that funds from future land sales be used to finance improvements in the district's system.

Directors George Kaspian and Dr. Ben King favored the recreational area but opposed the suggested method of financing it, while Directors E. Edmunds and Lauren Russell favored the district's outright financing program. Director Dan Horman was absent.

MOUNTAINEERS

Continued from Page 1

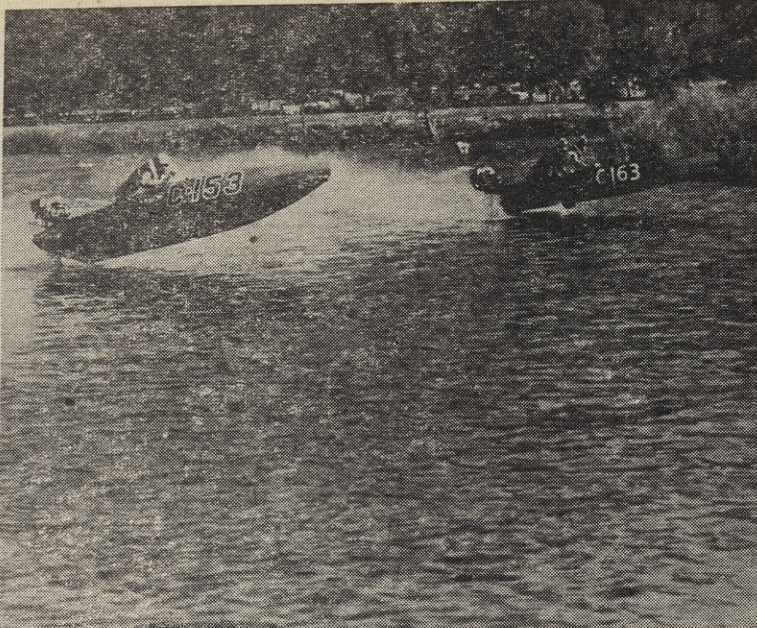

catcher Howard Zunino each socked homers with one aboard to provide the tying runs. Truckee immediately regained their temporarily lost lead by getting two in the bottom of the same inning; four straight singles with Neal Love's hit scoring the two. In the fifth and sixth innings for the locals they tallied six runs to go ahead 12-6—Verdi getting two in their sixth. The Truckee nine then coasted to the victory despite four runs in the last two innings by the Vandals.

Craig Robinson went the distance for Truckee giving up 10 runs on 10 hits eight of which were earned. He fanned 12 to run his league leading total to 78 while brother L. J. batted home two more runs to increase his league leading RBI total to 17. For Verdi Wes Apperson started and lasted only three innings he was relieved by Mel Pritchard in the fourth. Catcher Howard Zunino was the big bat in the visitors lineup as he smacked two home runs and have fine runs batted in.

Sunday was a more slow type contest in the way of hitting. The game went 10 innings and was decided in the top half of that frame when Admiral second sacker, Roger Heffern clouted the only four-bagger of the game to provide the visiting Admirals' winning margin. Trailing 6-4 going into the eighth the Mountaineers started a rally which began when Julius Jones singled with one down. Louie Goicoa then reached base on the second baseman's error to put men at first and third. Craig Robinson then layed down a squeeze bunt sacrifice to bring Jones home and putting himself on base on the pitcher's error. Bill Campbell then came through with the tying run by singling to send Goicoa home and force extra innings.

Ernie Pello was the loser for Truckee going the route and giving up 11 hits while fanning six and walking two. Jim Easterly was the winner, he also struck out six and walked two men.

Next week the locals travel to Lovelock to see if they can hold their lead. The Merchants won 13-11 over Truckee in a game recently played there.

A typical scene which will be repeated many times Saturday and Sunday when the tenth annual Outboard Regatta will be held at the west end of Donner Lake, sponsored by the Donner Lake Volunteer Fire Department and Auxiliary. More than 11 classes of boats will be competing for the championship trophies to be awarded following the races Sunday evening.

RENO HOTEL ACCEPTS HOUSING ARGEEMENT

SQUAW VALLEY— Another step towards eliminating gouging practices in surrounding communities during the Olympic Winter Games at Squaw Valley was secured recently when Reno's Mapes Hotel accepted the organizing committee's official housing agreement.

Charles W. Mapes Jr., president of the Mapes Hotel, signed the document for Robert J. McMahon, organizing committee housing director who heads the committee's "fair price" campaign. The contract guarantees complete cooperation concerning room prices and reservations.

THE GREATEST MODERN MOVEMENT
Toward Improved Health

More than one-third of our nation's people voluntarily and freely pay for medical or hospital care in advance through cooperative insurance plans. This is probably the greatest voluntary movement toward improved health and welfare in the history of the world.

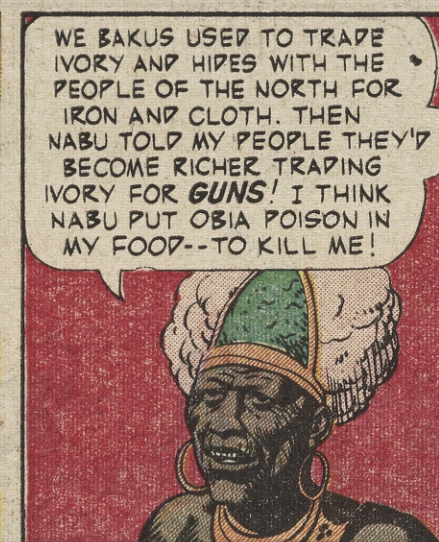

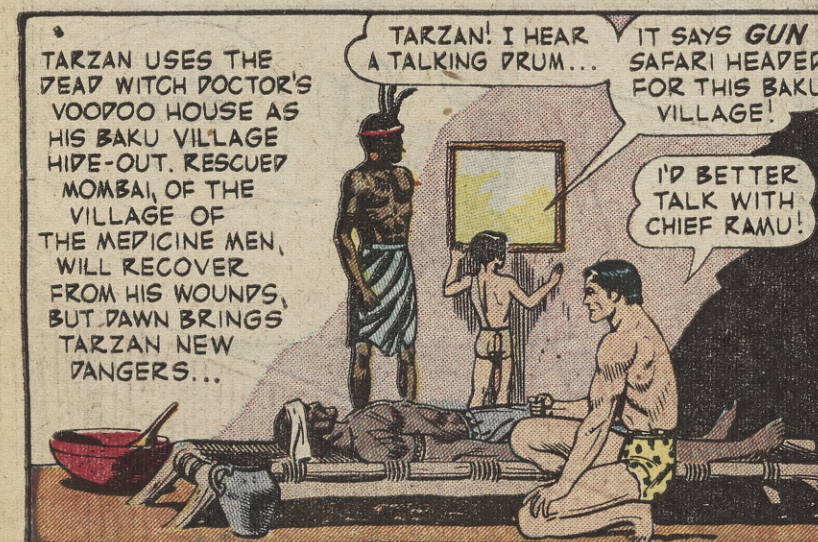

Every phase of this activity is laudable. The cooperation of industry and its employees, and the foresight of breadwinners to invest money in their families' health in advance of actual need, are evidence of progress. Active participation of the medical profession is evidence of its stature.

The desire for improved health, and the newly found personal pride and dignity of the individual are universal; and you may depend upon us, as upon your physician, in the achievement of these objectives for your family.

OBOY! POP'S RENTED A WHOLE ISLAND FOR A VACATION!

WE'LL REALLY GET AWAY FROM IT ALL....FOR A REST!

HOW DO WE GET BACK AND FORTH? ... SWIM??

THIS OLD-TIMER SAID HE RUNS OUT PAST BARD ISLAND WITH HIS MAIL BOAT!

"BARD" ISLAND? MAYBE A POET LIVED THERE!

JUST THINK! PEACE AND QUIET! NOTHING TO DO BUT SWIM, FISH AND LIE IN THE SUN!

SO YOU'RE THA FELLER RENTED BARD ISLAND! ... YOU ONE OF THEM SCIENTISTS OR SOMETHIN'?

NO! WE JUST WANT TO GET AWAY FROM PEOPLE FOR OUR VACATION!

HA! YOU WILL!! ... THAR SHE BE!

WHAT'S THAT WHITE CLOUD ALL AROUND IT??

THEM'S TH' BARDS!

BARDS!!...YOU MEAN BIRDS? ITS "BIRD" ISLAND! OH, FRED!

HEY! WHERE ARE YOU GOING!!

DELIVER SOME MAIL T' THA LIGHT KEEPA! I'LL BE BACK!

SAY! THET CITY FAMILY BEEN OUT ON BARD ISLAND NARLY A WEEK!

JUMPIN' SEAGULLS! I PLUMB FERGOT THEM!

MR. ANDREWS! BEFORE Y' LEAVE TOWN... TH' MAYOR HAS SOMETHIN' TO SAY!

HE CAN'T HEAR YET, FROM ALL THEM GULLS A' SCREECHIN' ALL WEEK!

....OUR TOWN'S MIGHTY GRATEFUL T' YOU FOLKS.... FER RIDDIN' BARD ISLAND OF THEM GULLS!!

CUT GLASS IS NOT CUT-- IT IS GROUND

IRAN

IN THE LAST 10 CENTURIES, HAS LOST MANY WARS AND NEVER WON AN IMPORTANT ONE-- YET THE BOUNDARIES OF THE COUNTRY TODAY ARE ALMOST IDENTICAL WITH THOSE OF PERSIA (IRAN) DURING THE NINTH CENTURY!

A PINE DESK PRESENTED TO PRESIDENT TRUMAN WAS CONSTRUCTED OF OLD LUMBER WHICH WAS PART OF THE WHITE HOUSE WHEN IT WAS BURNED BY THE BRITISH IN 1814!

ICHNEUMON FLIES ARE BORN, CHANGE FORM THROUGH LARVAL AND PUPA STAGES, AND SPIN COCOONS INSIDE THE BODIES OF OTHER INSECTS-- THEN ESCAPE AS WINGED ADULTS BY CUTTING OFF THE HEAD OF THEIR HELPLESS HOST!

ONE SINGER MAKES MORE THAN HALF AS MUCH NOISE AS 25 SINGERS!

EVEN IF GOLD HAD NOT BEEN DISCOVERED, THE VALUE OF SEALSKINS FROM ALASKA WOULD HAVE PAID FOR THE COUNTRY MANY TIMES OVER!

The Toobies

7-12

I'VE HAD IT! I WORK HARDER WEEK-ENDS THAN I DO AT THE OFFICE

IT'S FUNNY I HAVEN'T HAD ONE ANSWER FROM THAT AD I PUT IN THE PAPER FOR A GARDENER!

BUT I THOUGHT I TOLD YOU, TOM!

TWO MEN CALLED THIS MORNING AND SAID THEY'D BE OVER AFTER LUNCH--

RRINGGG

THAT MUST BE ONE OF THEM NOW--

DO YOU THINK DADDY'LL HIRE HIM, MOM?

I DON'T KNOW, PENNY-- THAT'S UP TO DADDY--

THE OTHER MAN LOOKED SO NICE-- I HOPE DADDY DIDN'T PASS HIM UP!

DID YOU HIRE ONE OF THEM, TOM?

YES-- THE LAST ONE.

BUT-- WHY DID YOU CHOOSE THE ONE WHO LOOKED SO SHABBY WHEN THE FIRST ONE HAD SUCH A NICE FACE?

FACE? WHEN I PICK A MAN TO WORK IN MY GARDEN I LOOK AT HIS TROUSERS-- IF THEY'RE PATCHED ON THE KNEES, I HIRE HIM-- IF THEY'RE PATCHED ON THE SEAT, I DON'T!
